Dr. Shack also informed the team that the decision to discontinue the use of the CT system at DIHS was made several months ago by the DIHS past leaderships—CAPT Eugene Migliaccio (Former Director) and Mr. Neil Sampson (Former Interim Director). Dr. Shack acknowledged that the use of the CT system is more of a liability than the use of paper medical record system. He stated the use of CT puts patients at risk because the system is not user-friendly and that
